CHAMBER CORE PILLARS

“We stand together to Grow more, Know more and Influence more”

ECONOMIC DEVELOPMENT – GROW MORE

“Smart Cities entice new business and job creation”

We provide education and resources to arm your business with the latest technology offerings, tools for the best business practices, notification of employee/employer policies, and clear pathways to market and grow your business. Our Chamber leverages relationships with various community partners to create a healthy local business environment. By working with our business members, local jurisdictions and our education partners we form a web of resources that help the community to continue to grow both economically and technologically and attract talent and new businesses to the area.

Our Chamber is an independent resource for:

- :: New business site locations
- :: Expansion of existing local businesses
- :: Providing local skilled workforce resources
- :: Supporting new entrepreneurial ventures
- :: Potential funding partners
- :: Advocacy for business permitting process
- :: Business referrals

COMMUNITY RELATIONS – KNOW MORE

“Collaboration is a key element to elevate your business and to contribute to our vibrant community”

We value community relationships and understand that collaboration divides the task and multiplies the success. We create programming and events that will provide the opportunities for a wide variety of businesses to tap into the resources of their Chamber partners, to market themselves and to contribute to our growing vibrant business community. Thriving business communities create excellent living communities, provide robust services and attract tourism revenue sources as well, making the area a great place to live, work and stay!

Our Members have the opportunity to:

- :: Collaborate with one another
- :: Exchange resources and services
- :: Participate on committees
- :: Contribute to valued programs
- :: Be speakers and teachers at our events and Leadership Institute
- :: Volunteer
- :: Attend community events
- :: Invest Corporate resources
- :: Market themselves on many platforms

BUSINESS ADVOCACY- INFLUENCE MORE

“Solid representation supports business success”

Each year we produce and adhere to a Legislative Agenda that focuses on business issues pertaining to Puyallup, Sumner, South Hill and Pierce County. We leverage our advocacy efforts by partnering with the South Sound Chamber of Commerce Legislative Coalition, other Chambers, local and state legislatures and city officials. *“Never Mistake the power of influence”*
– Jim Rohn

We advocate for our members in the following ways:

- :: Attend and testify local City Council meetings
- :: Attend Commission meetings
- :: Participate in Legislative sessions
- :: Attend Congressional meetings in Washington D.C.
- :: Conduct monthly Government Affairs Committee meetings
- :: Establish close ties with our local and state legislatures

MEMBER TESTIMONIALS

“The Puyallup Sumner Chamber of Commerce would be the first step I would make if I were to open a new business. The chamber creates opportunities for building solid networks between industries and connects businesses with potential customers, across both Puyallup and Sumner. Since being involved with the chamber I’ve not only grown a professional network, I’ve also consistently been updated on new legislation with potential impacts on my line of work. Additionally, I’ve noticed an increase in engagement with other businesses that I typically wouldn’t have encountered; resulting in solid mutual relationships.”

PUYALLUP SUMNER
CHAMBER
of COMMERCE

I have the greatest privilege of serving as your Collaborator, Catalyst and Champion for Commerce. As a small business owner for 17 years I know the business pains that keep you up at night and recognize how challenging it can be to market your business, stay competitive and relevant in an ever-changing business climate, while keeping abreast on rules, regulations and policies that impact your business. At the Chamber, our team is committed to helping you with these challenges. We provide robust programming, tremendous learning opportunities, excellent networking events and a wide variety of ways to make it easy for you to promote and market your business and keep you informed. Rest assured- I too, am up at night thinking of ways to advocate on your behalf, developing worthwhile programs that will benefit you and creatively planning events that you will value. Our cities are ripe with opportunity. With your collaboration the Chamber can provide an economic development arm to help grow our communities to their fullest potential.
